## Churches, Sunday Schools, Etc.

We have Four Thousand Dollars' worth of Toys and Holiday Goods more than we can possibly sell, no matter how brisk trade is with us. Our buyers must have been under the weather when they bought this stock, because it is an impossibility to sell it at retail.

We have laid it all out in lots, and will job it to the trade of Los Angeles and surrounding towns at what it cost us to import, with freight added, for cash, giving you an advantage over all persons in trade in your lines who bought elsewhere, as none can buy as cheap as the People's Store.

This is no advertising medium. We do not do this for the sake of effect. We have \$4000 worth of goods that we prefer to sell to packing

up, and will make the price to you at figures that will enable you to under-sell us.

We ask all, irrespective of any feelings toward us from business motives, to improve this opportunity, as its a golden one, and means money in your pockets. The first loss is always the best, and we prefer to sacrifice in size.

The London Times remarks, with a sigh, that the President's message "respect in tranquil and unexciting paragraphs the happy detachment from international jealonsies and quarrelia which it is the pseuliar good fortune of Americans to enjoy." This is true, and no doubt the English often what that "the silver streak" "which separates them from the continent of Europe was broadened into an ocean ferry three thousand miles in width. But it is not entirely our geographical situation that keeps us out of trouble. Were we of a quarreliseme disposition we could easily find oceasion for strite, as we have a long frontier to guard both to the morth and south. It is not just to attribute our lack of international difficulties to geographical good fortune. It is due rather to the self-restraint and good sense of a free people, who are content to mind their own concerns and let their neighbors manage theirs.

The enormous wealth of this country in respect to agriculture and natural woducts is illustrated by the report of the National Cattle and Horse Growers alogation. The National Cattle and Horse Growers alogation. the National Cattle and Horse Growers' Aslociation, recently in season at St.
